QUIZ QUESTION

There are two types of errors that are possible in hypothesis testing: Type I Errors. Type I Errors are considered the worst type of error. Just based on the definition, can you guess which truth/decision combo is each type of error?

Submit to check your answer choices!

TRUTH/DECISION	ERROR
Truth: Innocent, Decision: Guilty	Type I Error
Truth: Guilty, Decision: Innocent	Type II Error
Truth: Innocent, Decision: Innocent	No Error
Truth: Guilty, Decision: Guilty	No Error
